

# INTRODUCTION TO ADAPTIVE GRAZING PRESENTATIONS & FIELD DAYS AUGUST 29 & 30, 2017

Join soil expert and grazier Dr. Allen Williams for two free events to learn how to maximize profits, minimize inputs, and optimize soil/plant/animal performance through adaptive grazing!

**Tuesday Aug 29—5:00 PM**  
Hosted by Trevor Toland  
Toland's River Oak Ranch  
15703 E. 1600th St., Macomb, IL

**Wednesday Aug 30—5:00 PM**  
Hosted by Ted Krauskopf  
Hickory Flat Cattle Company  
11537 Hickory Flat Road, Highland, IL

Each event features a presentation and pasture walk with Dr. Williams and the event host to discuss the basics of adaptive grazing, importance of soil biology, methods for improving forage quality, lowering costs, and more!

Supper will be served at each event!

RSVP by Friday Aug 25<sup>th</sup> to: Warren King [w.king@wellspringltd.com](mailto:w.king@wellspringltd.com)
